SUMMARY

Highly motivated and results-oriented Frontend Developer with 5 years of experience building responsive and user-friendly web applications. Proficient in modern JavaScript frameworks (Reactjs, Nextjs) HTML5, CSS3, and related technologies. Proven ability to translate design mockups into clean, efficient, and maintainable code.

SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Styling:** Tailwind css, Chakra Ui
- **Frameworks/Libraries:** React, Redux/Context API, Next.js, Zustand
- **Testing:** Jest, Cypress
- **Tools:** Git, Webpack/Vite, Babel, npm/Yarn/pnpm, Chrome DevTools , Figma, Jira
- **Methodologies:** Agile/Scrum

WORK EXPERIENCE

Frontend Engineer , Casava Microinsurance Limited

June 2025 - Present

- Building and maintaining the user-facing parts of digital insurance products, utilizing React and Typescript.
- Building user interfaces where customers can view their policy details, download policy documents, check their premium payment history, and update their personal information

Frontend Engineer , Hoops Technologies

Nov 2024 - August 2025

- Engineered a dynamic reward wheel creation and management dashboard, enabling users to easily configure and deploy interactive reward systems for diverse campaigns, utilizing React and Typescript.
- Collaborated with product managers and UX/UI designers to define technical requirements and translate design concepts into high-quality code.
- Drove performance optimization initiatives, resulting in a 40% improvement in page load times

Frontend Engineer, Revent Technologies

Oct 2022 - Aug 2023

- Contributed to the development of a core banking solution using Reactjs and Typescript.
- implemented a micro-frontend architecture thereby improving scalability and maintainability.
- Developed and maintained comprehensive unit and integration tests using Jest and React Testing Library, ensuring high code quality.
- Collaborated with cross-functional teams, enhancing project success rate.

- Developed and maintained responsive web applications using React and Redux, contributing to the development of key features.
- Implemented RESTful API integrations, ensuring seamless data flow between the frontend and backend.
- Contributed to code reviews, providing constructive feedback and ensuring adherence to coding standards.
- Fixed cross browser compatibility issues.

EDUCATION

Master in Information Technology

October 2019 - Jan 2024

University of Lagos

Bachelor of Science in Computer Science

Sep 2013 - May 2017

Redeemers University
